State Senators

UNDER THE CONSTITUTION, ELECTED BY GENERAL TICKET.

THE Register for 1849 contains a list of Assistants, or members of the Upper House, from 1639 to 1819, when the Constitution went into operation. That for 1850 contains a list of Senators, by Districts, together with the votes of the successful and the opposing candidates, from 1830 to 1849. During the intervening period from 1819 to 1830, the Senators, twelve in number, were elected by general ticket. For two years the old Federal party had an organized existence, after which, for four or five years, during the last term of Monroe's administration, but little interest was taken in politics. In fact, in 1824, only 7,510 votes were cast in the whole state for Governor, of which all but 875 were for Gov. Wolcott.

The following are the votes for Senators by general ticket.

	SUCCESSFUL CANDIDATES.		DEFEATED CANDIDATES.

Dividend of $1.35, to 96,382 scholars, $120,610.90
Extra Dividends to small districts, 12,670.00

Under the present laws, every district having 12 scholars, or over, is entitled to at least $35. By this regulation, 362 districts drew more than their *pro rata* dividend, an average excess of 45 cents per child. It were better to pass a law to discourage small districts, to which local influences are constantly tending. No school can well be sustained in a district of 12 or 15 scholars; and such ought to

be united to larger ones. In fact, if the districts of the State were diminished one-half, and graded schools established in every considerable village, the fund would do more good.

Building Associations and Savings Banks

Differ from Savings Banks, in requiring monthly payments to be made of one dollar on a share, and in allowing a higher rate of interest than 6 per cent. to be taken on loans to stockholders, in the form of a bonus. No moneys can be withdrawn until the shares, including principal and interest, amount to $200, when the stock becomes full. The average rate of interest, including the bonus, at present, is about 15 per cent. Besides payments on stock, these institutions receive money on deposit, to be withdrawn at pleasure, the same as Savings Banks.
